ADDITIONAL TAXI RANK GRENFELL STREET

We have been asked to remind drivers that there is a 6-car taxi rank on the northern side of Grenfell Street opposite the 77 Grenfell Street rank. A 1-car 24/7 rank is in-situ with immediately behind a 6-car rank operating after 7pm each weeknight until 2pm each weekday and all times on weekends.

This rank is in a prime position for people exiting the Rundle Plaza Shopping Centre and coming off the escalators from Coles.

Please do not "overload" the southern side rank as this creates a traffic hazard. The northern rank is an excellent option for passengers who wish to travel east and for those not wanting to cross the road.
